Aptech Computer Education

Advanced Diploma in Software Engineering (ADSE) (2023 – Expected Oct 2026) ---

Bright Public School

Matriculation in Science

PROJECTS

1. Personal Portfolio Website

- Built using React.js and Tailwind CSS to showcase my coding journey.
- Designed a fully responsive and modern UI for better user experience

2. E-Commerce Website

- Developed a professional web interface using HTML, CSS, and JavaScript.
- Built interactive product pages with a clean and modern design.

3. To-Do Application

- Created a functional task management app using React.js and Tailwind.
- Added features to create, delete, and manage daily tasks effectively
